SAVITRIBAI PHULE  
PUNE UNIVERSITY

**Center for Publication Ethics and  
Ayush Centre of Excellence  
Center for Complementary and Integrative Health  
Savitribai Phule Pune University, Pune**

**ORGANIZE A TWO-DAY WORKSHOP  
FOR PH.D. STUDENTS & TEACHERS ON  
CRITICAL THINKING**

### ABOUT THE WORKSHOP

'Critical Thinking' is the key to research processes, decision-making, informed choice-making and the pursuit of truth. It is indispensable in all aspects where we have to adjudicate and distinguish between falsehood, prejudice, bias, illogical ideas and logical, neutral and truthful ones. Critical thinking applies as much to false science as it does to biased news reports, to unsubstantiated claims and hate speech.

This lecture-cum-workshop aims to develop critical thinking abilities. With lectures and practical work, it will help participants in understanding the key aspects of critical thinking, such as identifying bias, open-mindedness, scepticism, inference, among others.

**14 - 15 June 2024 (Friday - Saturday)**

**Workshop Time: 10.00 am to 06.00 pm**

**Venue:** Center for Complementary and Integrative Health,  
Savitribai Phule Pune University, Pune - 07
